of \$3500 worth of Liberty bonds in this town Monday.

John Myers came down last Wednesday to attend the funeral of his mother, Mrs. Sarah Myers, who died at the home of her daughter, Mrs. Adam Hahn, the day before.

Mrs. Joe Shrum returned from Camp Pike, Ark., last Wednesday with her husband and went out to their home on Hurricane to spend a furlough that Mr. Shrum had just received. His wife had been down there to visit him.

The meeting at the Presbyterian church closed last Sunday night. Bro. Mathews preached some very fine sermons and the attendance was good. His talk to men only Sunday was full of facts and contained some good advice.

Word was received here Tuesday that Eugene Owen died some time Monday night. Until a year or so ago he was a resident of our town and attended Will Mayfield College in Marble Hill. We extend our sympathy to the bereaved parents and brother.

The school board has chosen the following teachers for the ensuing year: Prof. Vest Myers as superintendent and Miss Murphy for the high school and M. S. Gladish, Miss Nora Hahn and Miss Iva Cole for the public school. There are two to be hired yet, one for the high school and the other for the lower grades.

Charley Corbin of Zalma has bought the King property from Will King and expects to move in about the first of the month. Eb Dewitt bought the piece of land on Possum creek from him and Mr. and Mrs. King will move to California in the near future. We welcome Mr. Corbin to our town, but will lose one of our young business men.

The clay mill has quit grinding now until the first of the month and they are still patching around in the mill fixing things so that when they start again they can run steady. They started to take out some concrete the first of the week to make the floor four inches lower. The superintendent, Mr. Shoemaker, resigned his position some time ago and last week a new man arrived to take his place and he is busy out at the mines fixing things up while Mr. Shoemaker is working on the mill. He will leave the first of the month for his home in Montana and then enlist in the United States Engineer corps.

Some of our students expect to enter the normal school at Cape Girardeau for the summer term.

The school expects to have a better commencement this year than ever. Dr. Barnes of Charleston will

preach the baccalaureate sermon April 28. Prof. McGill of Cape Girardeau will deliver the commencement address.

Class day will be Thursday, May 2. The officers of the senior class are: Betsy Abernathy, president, and Lottie Walker, secretary. Class colors are red, white and blue. The motto is "America First." The class flower is the violet.

What One Man Can Do For The War

W. A. Shull, a humble farmer of Crooked Creek township, Bollinger county, Missouri, doesn't have to advertise his patriotism. The fruit of his life will ever remain as the testimony of his devotion to his country. The winter was not too cold nor the storm too severe for him to respond to the soldiers' needs.

He has succeeded in organizing and putting on foot a society in the Hawn school district, which has done, and is doing, most valuable service. Its work for the Red Cross, War Stamps and Liberty Loan stands as a challenge to any school district in Bollinger county, if not in southeast Missouri.

Mr. Shull is the superintendent of his farm and the only plowboy on it. Like General Putman he left his plow in the field and attended the organization meeting in Marble Hill last Thursday, returned home and began a canvass of his township for the Third Liberty Loan and before covering two school districts he succeeded in being able to report his township over the top.

Can you beat it?

Baptist Church.

Sunday was a very busy day. The writer spoke Sunday morning and evening at the church and in the afternoon at the Hahn school-house. Miss Holt, Mrs. Wigger and Mr. Dycus were the Enlistment committee which went to the school-house. We are very grateful to Homer Murry, who took us in his machine. It was somewhat muddy, however Mr. Murry got through all right. Mmes. Howard, McGlothlin, Robins and Hendricks were the Marble Hill committees. Misses Davault and Pulliam, Mr. Moyers and Mr. Robertson composed our Lutesville committees. All appeared to enjoy their successful work.

Our slogan: "Every Baptist in this part an active Christian in the church." The present catastrophe adds emphasis to the command "Go forward" and for a Christian to disobey would almost be treason. "If you love me keep my commandments."

Dr. Meehan will fill the pulpit next Sunday morning and evening. I am sure all who hear him will be helped in the Christian life. I go to Bethlehem, Mo., Sunday to conduct a memorial service.

J. P. McKay, Pastor.

In Memory

of our darling, Eston C. Bollinger, son of Mr. and Mrs. Charley Bollinger, who was born April 8, 1906, and departed this life March 22, 1918, aged 11 years, 11 months and 14 days.

He leaves a father, mother, two sisters, one brother and a number of relatives and friends to mourn his untimely departure, but we know our loss is his eternal gain.

Eston was an excellent boy, not

only good, but kind and loving to one and all. He was dearly loved by all who knew him. His illness was of short duration, but he was as meek as a lamb and every word spoken by him was full of love. His last words were "Mamma! mamma!", then the Savior took him by the hand and welcomed him home to that glory land.

We can not see that sweet face as we always did. His chair is vacant in our home and can never be filled with a more loving brother than Eston. He is missed in the home and in the community, but he has found that hope that the Lord said he would go and prepare for us. Let us weep not, dear father, mother, brother and sisters as those who have no hope, but let us all live that some day we may all meet around the beautiful throne of God, where all tears will be wiped away and there will be no more sad partings, but all will be joy forever.

The remains were laid to rest in Seaburg cemetery Sunday morning.

A FRIEND.

STOMACH TORN UP

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset. . . I know once I suffered . . . from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad. . .

My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities. Try Black-Draught.

Make It True

The year 1918 saw marvelous developments in the food situation. America began to manufacture rice flour, corn flour, potato flour, soy bean meal and barley meal in large quantities and the people used these in place of wheat flour, thus releasing enough wheat to feed the soldiers of the allied armies and the United States.

Make this true. Let this be written in the pages of the history of the Great War which our children will read in years to come. You can aid in making this bit of history.

New Hair and Teeth at 110.

Sarjen, Ky., Jan. 12.—Though 110 years old, "Aunt Chrissie" Stallard has cut a new set of teeth and is growing new hair. Her eyesight, which she says has always been good, has improved to such an extent that she has laid aside her glasses and does not need them for reading even fine print. Aunt Chrissie had her first photograph made when she was 105 years old. She since has refused to pose again for the camera, saying that one time was enough. She took her first dose of medicine a little more than a year ago. She has read of the telephone, telegraph, railroads and the like, but has never seen any of them. Her husband died fifty years ago.—Exchange.

Rumania is caught between Russia and the other belligerents. Her people are short of food. Her supplies have been used up. We can see no way in which they can avoid disease and starvation.—U. S. Food Administration.
